FISCAL NOTE ANALYSIS

STATE OF ALASKA
2020 LEGISLATIVE SESSION**Analysis**

This bill would amend the qualification criteria of an Alaska Performance Scholarship (APS) applicant by adding an option for career and technical education to the academic curriculum; and inserts a definition for career cluster.

The Alaska Commission on Postsecondary Education (ACPE) would be required, subject to appropriation, to award students who have either successfully completed two years of foreign language or an Alaska Native language; or career and technical education coursework, one year of which includes two semesters of sequentially more rigorous content within a career cluster.

The legislation as proposed would not significantly change current program costs, as there is no requirement to modify or change ACPE operating systems. The legislation could result in a number of new students eligible for the scholarship; however, it is not anticipated at this time that the change would be sufficient to impact the annual appropriation needed to fund APS awards.
